Account Balance 3

eIntelligence Explorer

Overview

Description

These release notes update and correct information in the *eIntelligence Explorer User Guide* and online help.

For a list of changes and issues with this product prior to 7.2, you can download previous versions of eBackOffice release notes from the Epicor web site.

Issues on the Web

You can search a database of existing and resolved application issues, including workarounds where available, from the Epicor Software web site at <http://www.epicor.com>. Go to the Support and Services section of the web site. This area of the web site requires a password.

Open Issues

Overview

Introduction This document lists issues you need to be aware of as you use eIntelligence Explorer. For detailed information about eIntelligence Explorer features and how to use the application, see the eIntelligence Explorer *User Guide* and the online Help.

Account Balance

The Account Balance view does not recognize the percent (%) character as a wildcard in your search.

Workaround: Locate a valid account number in glchart and use the equal (=) symbol in your search. (SCR 30266)
